## **1. GENERAL ADMINISTRATION**

### **1.1 REPEAL OF EXISTING ZONING BY-LAWS**

---

All other By-laws that have been passed under Section 34 of the Planning Act or its predecessors, prior to the date of passing of this By-law, and in particular By-law Number 41/2005 and amendments thereto are herein repealed.

### **1.2 FORCE AND EFFECT**

---

This By-law shall come into force and take effect on the date of final passing.

### **1.3 TITLE**

---

This By-law shall be known as the “Township of Ignace Zoning By-law”.

### **1.4 SCOPE**

---

This By-law and all of the provisions that are contained herein shall apply to all lands that are within the municipal boundary of the Township of Ignace, as now and hereafter are legally constituted.

### **1.5 CONFLICT**

---

The provisions, requirements and permitted uses contained in this By-law are in addition to all other lawful requirements of the Corporation of the Township of Ignace. In the event of a conflict between this By-law and another by-law of the Township, the more restrictive by-law shall apply.

Nothing herein shall be construed or represented as replacing any otherwise relevant and lawful municipal or senior government requirement.

### **1.6 APPLICATION AND CONFORMITY**

---

No lands shall be used and no buildings or structures shall be erected, altered, enlarged, or moved onto lands, in whole or in part, except in conformity with the requirements, provisions, and permitted uses of this By-law.

No person or corporation shall change the purpose for which any land, building, or structure is used or erect any new building, or sever any lands from any existing lot, except in conformity with this By-law.

No building or structure may be moved within the municipality or from outside the municipality except in conformity with this By-law.

No municipal permit, certificate, or licence shall be issued for a proposed use of land or proposed erection, alteration, enlargement, or use of any building or structure that is in contravention of this By-law.

## **1.7 IMPLEMENTATION**

---

This By-law shall be administered by such person(s) and/or position(s) as Council may from time to time designate for such purpose.

Final interpretation or other determination of the meaning of any clause or text; or of the intent of any portion of this By-law shall be made by Council in the form of a resolution.

## **1.8 INTERPRETATION**

---

Where reference is made in this By-law to a ministry or other body, it shall be interpreted that it is the ministry or body as it is known at the time of reading, that is being referenced.

Where reference is made in this By-law to the jurisdiction of a public agency, and where the name or responsibilities of such public agency are changed hereafter, the said reference shall be deemed to include any and all successors to such public agency having jurisdiction over the matters to which the said reference applies.

Any provision of this By-law that is followed by the words “metres, square metres, or hectares” shall be deemed to have a tolerance of plus or minus 3 centimetres, in the case of a linear measurement, and 0.1 square metres in the case of an area expressed in square metres and 0.1 hectare in the case of an area expressed in hectares, unless specified otherwise in this By-law.

## **1.9 CERTIFICATE OF USE AND/OR OCCUPANCY OR CERTIFICATE OF CONVERSION**

---

No occupancy shall occur or change in the use of a building or structure shall be made, without a “Certificate of use and/or Occupancy”, or in the case of a conversion of a dwelling from seasonal to permanent residential use, a “Certificate of Conversion” being issued by the Township.

Such Certificate of Occupancy and/or Use, or Certificate of Conversion may be withheld pending compliance with all of the provisions of any relevant conversion policy set out in the Official Plan, as well as compliance with all applicable By-laws of the Township.

### **1.10 VIOLATIONS AND PENALTIES**

---

Any person, corporation, or other legal entity who contravenes any of the permitted use provision, or any other regulation or provision of this By-law; and who is an occupant of and/or an owner of land, buildings, or structures erected, altered, or used in contradiction with the permitted uses provisions or any other regulation or provision of this By-law, is guilty of an offence and is liable, upon summary conviction to a fine as set out and provided for in the Planning Act, as may be amended from time to time, and such fine shall be recoverable under the Provincial Offences Act; all of the provisions of which apply hereto. In particular, the fines currently defined in the Planning Act are as follows:

1. For a person:
  - i) upon first conviction to a fine not more than \$ 25,000.00, and;
  - ii) upon subsequent conviction to a fine not more than \$ 10,000.00 per day that the contravention continues.
  
2. For a firm or a corporation:
  - i) upon first conviction to a fine not more than \$ 50,000.00, and;
  - ii) upon subsequent conviction to a fine not more than \$ 25,000.00 per day that the contravention continues.
  
3. Where a conviction has been entered, in addition to any other remedy or any other penalty provided, the Court in which the conviction has been entered, and any Court of competent jurisdiction thereafter, may make an order prohibiting the continuation or repetition of the offence by the person convicted.

### **1.11 VALIDITY**

---

Should any section, clause, or provision of this By-law be held by a Court of competent jurisdiction to be invalid, the validity of the remainder of this By-law shall not be affected.

### 1.12 CROWN LAND

---

The provisions of this By-law may not apply to Crown land. However, it is intended that the Crown will have regard for the provisions of this By-law.

### 1.13 OFFICIAL PLAN

---

This By-law is in accordance with the Township of Ignace Official Plan, as enacted by By-law #XX/2020.

### 1.14 USE OF SCHEDULES

---

The location and the boundaries of all of the zones established by this By-law are shown on the zoning Schedules that are included in and that form a part of this By-law.

### 1.15 USE OF SYMBOLS

---

Where a zone referred to in the list of zones in the Zones Section of this By-law includes a symbol, or where the zone Schedule utilizes a symbol, such symbol shall refer to and identify the zone.

### 1.16 LANDS MISSED BY ZONING SCHEDULES

---

Should any lands not be shown on the zoning Schedules, or where the Township might annex or otherwise add to the limits of the Township, such lands that are not otherwise zoned shall be deemed to be zoned as Rural.

### 1.17 DETERMINATION OF ZONE BOUNDARIES

---

When determining the boundary of any zone, the following shall apply:

1. Where a zone boundary is located within a road allowance, highway allowance, lane, easement, right of way, or a watercourse, the centre line of such feature shall be deemed to be the said boundary. Where such feature has been closed by Council by-law, the centre line of such closed feature shall continue to be the zone boundary.
2. Where a zone boundary is indicated as following a lot line shown on a registered plan of subdivision and/or condominium, or other defined property boundary, such lot property line shall be deemed to be the said boundary.

3. Where a zone boundary is indicated as following a shoreline of a waterbody, the boundary shall follow such shoreline, and in the event of a change in the shoreline, the boundary shall be construed as moving with the actual shoreline.
4. Where uncertainty exists as to the location of a boundary of any zone, the location of the boundary shall be determined by the Chief Building Official or such other person or position as Council has determined to administer this By-law, and where measurement is involved in such determination, such measurement shall be from the middle of the width of the zone line as it is shown on the relevant zoning Schedule.
5. Where uncertainty or disagreement continues to exist relative to the determination of such boundary line as determined in accordance with the above, Council shall make the final determination as to the location of the boundary.

#### **1.18 HOLDING ZONE “H” PROVISIONS**

---

Where an “H” prefix is included in any zone, the intent is to signify that such zone is further categorized as being a holding zone.

Where a holding zone applies, notwithstanding the permitted uses section of such zone, no land shall be utilized, and no building(s) and/or structure(s) shall be erected or used for any purpose other than for uses existing on the date of passing of this By-law, or for any use described in an amendment by-law implementing a holding zone, until such time as the holding designation has been removed.

Upon removal of the holding provision, all permitted uses in such zone shall once again continue to be permitted uses. A holding zone may be removed by by-law where any preconditions that have been set out in the implementing holding zone by-law have been complied with.

#### **1.19 SPECIAL EXCEPTIONS**

---

Lands described under the Special Exceptions provisions of a zone shall be subject to all of the provisions of the applicable zone, except as otherwise provided by the Special Exception.

## **1.20 SPECIAL PURPOSE ZONES**

---

The Special Purpose – Settlement Zone (SPS) and Special Purpose – Rural Zone (SPR) set out in this By-law are intended to permit limited site-specific land uses as set out in those sections of this By-law.

## **1.21 USES PROHIBITED**

---

All uses of land are prohibited unless specifically permitted in this By-law.

DRAFT

**Balcony**

A structure without a roof attached to and extending horizontally from a wall or walls of a main building and having no separate foundation on the ground and no direct access from the ground.

**Basement**

A portion of a building partly underground but having less than 50% of its height below the average finished grade level adjacent to the exterior walls of the building.

**Bed and breakfast establishment**

An owner-occupied private home where accommodation and meals are provided to the travelling public but does not include a hotel or motel.

### **Boarding house**

A dwelling in which the proprietor supplies for a fee sleeping accommodation with board for persons exclusive of the proprietor and members of the proprietor's family, but does not include a hostel.

### **Boat launch**

The use of land and water for the purpose of floating or launching, and recovery of small pleasure boats and other watercrafts, excluding aircraft, and related parking area for vehicles and boat trailers; and may include a dock.

### **Boat slip**

A single parking space for a boat or other marine vessel, which forms part of a dock or boathouse.

### **Boathouse**

A building used for the storage of boats, other watercrafts, and marine equipment, but excluding aircraft.

### **Buffer**

An area of land the size of which is defined in a regulation or requirement in the relevant zone, and consisting of fencing, grass, shrubs, bushes, berms, trees, or other vegetation.

### **Building**

A fully or partially enclosed structure having a roof supported by walls, columns, piers or other structural systems, and including carports:

- i) **Main building:** The building serving the principal use of the lot on which it is situated.

### **Building supply and lumber outlet**

Use of land, building(s) and/or structure(s) for the storing and sale of lumber, building supplies, construction and home improvement materials, and construction tools are kept for sale at retail, and may include the cutting of lumber or other wood products to length.

### **Bulk fuel depot**

Use of land, building(s), and/or structure(s) for the storage and distribution of fuels but not including retail sales except key lock operation.

**Camp site**

A portion of a lot that is contained within an RV/tent and trailer campground that is maintained as the location for temporary occupancy of a tent, travel trailer or recreational vehicle, but shall not include a mobile home.

**Car wash**

A building or structure containing facilities for the washing of motor vehicles for a fee.

**Carport**

A partially enclosed structure which is primarily intended and used for the storage of one or more vehicles.

**Cellar**

A portion of a building, used for storage purposes only, which is more than 50% below the average finished grade level adjacent to the exterior walls of the building.

**Cemetery**

An area of land reserved or used in interring the dead or placing or burying the remains or ashes of human corpses and which is regulated by the Funeral, Burial, and Cremation Services Act, but does not include a funeral home.

**Clinic**

A building or part of a building where a medical doctor, dentist or other legally qualified health care practitioner has a practice, and includes a medical or dental laboratory and an ancillary retail store.

**Commercial storage facility**

Premises where individual enclosed areas are made available to the public for keeping or storing goods or commodities, but does not include any hazardous material or fuel storage.

**Commercial use**

The use of land, building(s) and/or structure(s), not listed elsewhere in this By-law, for all legal forms of buying and selling goods and services.

**Commercial vehicle**

A motor vehicle exceeding 2800 kg gross vehicle weight having permanently or temporarily attached thereto a truck box or any other form of delivery body, and shall include but not be limited to tow trucks, tilt/n/load trucks, buses exceeding 10 passenger seats, tractor trailers or semi-trailers and any component thereof.

**Communication facility**

Any land, building or structure used for receiving and/or transmitting voice, picture or printed signals, or otherwise defined in the Radiocommunication Act.

access to the ground, the floor or which is greater than 0.6 metres above finished grade, not include a landing or stairs.

### Density

The ratio of the number of dwelling units or the number of campsites to the total lot area of a property.

### Development

The creation of a new lot, a change in land use, or the construction of buildings and structures, requiring approval under the Planning Act.

### Dock

A structure built or anchored near or at the shorelines, extending over the water, at which boats and other watercraft may be secured.

### Drive-through facility

An establishment that provides or dispenses products or services, through an attendant or an automated machine, to persons remaining in vehicles that are in designated stacking spaces. A drive-through facility may be in combination with other uses, such as a bank, restaurant or gas station.

### Dwelling

A building or part of a building occupied or capable of being occupied by one or more persons as an independent and separate housekeeping establishment for the purpose of residing, sleeping, eating, and containing separate cooking, sleeping and sanitary facilities for the exclusive use of such person(s), with a private entrance from outside of the building or from a common hallway or stairway inside the building; but excluding a motel, hotel, or a group home.

- i) **Converted dwelling:** a single detached seasonal recreational dwelling that has been changed or transformed to a permanent residential dwelling in accordance with the policies set out in the Official Plan, and documented by the obtaining of a certificate of conversion from the Township.
- ii) **Duplex dwelling:** a two-storey residential building divided horizontally into two separate dwelling units, each of which has an independent entrance either directly or through a common vestibule.

iii) **Quadruplex dwelling:** a building divided vertically and horizontally into four dwelling units, each of which has an independent entrance to either the ground or common corridor.

iv) **Seasonal dwelling:** a single-detached dwelling erected and used as a secondary place of residence for seasonal vacations or recreational purposes and not as a principal residence.

v) **Single-detached dwelling:** a freestanding single dwelling, but does not include a mobile home.

vi) **Semi-detached dwelling:** a residential building divided vertically into two separate units.

vii) **Townhouse dwelling:** a residential building divided vertically into more than three (3) units attached by common walls extended from the base of the foundation to the roof line, each dwelling unit having a separate entrance at grade.

viii) **Triplex dwelling:** a residential building divided horizontally into three (3) separate units, each of which has an independent entrance either directly or through a common vestibule.

### Emergency service

Includes police, fire, ambulance, search and rescue services, and may include training facilities associated with the use.

### Entertainment establishment

A private cinema or other theatre, auditorium, billiard room, bowling alley, curling rink, ice or roller skating rink, music hall, video arcade, miniature golf course and all other similar places of amusement.

### Erect

To build, construct, reconstruct, alter or relocate, including any preliminary physical activity such as excavating, grading, piling, cribbing, filling, draining; or structurally altering an existing building or structure by an addition, deletion, enlargement, or extension.

**Established building line**

The average distance from the road line to existing buildings measured not more than 100 metres on either side of the lot where the frontage has been built upon, as of the date of passing of this By-law.

**Existing**

Legally in existence as at the date of passing of this By-law, or where construction has not commenced, a use documented by the issuance of a building permit.

**Financial establishment**

A place that provides a range of financial services, which may include a bank, trust company or other financial institution, and automated bank machines as an accessory use.

**Finished grade**

The average elevation of the natural surface of the ground adjoining each exterior wall excluding any localized depressions for windows or other such building features.

**Flying school**

A school where aviation instruction is provided.

**Forestry use**

The harvesting, planting, and/or managing of timber resources.

**Funeral home**

A building or part thereof wherein human corpses are preserved or otherwise prepared for interment or cremation and may include the sale of caskets and funeral accessories.

**Garage**

A detached building or a part of a main building used for the parking and storage of motor vehicles and household items, equipment, or supplies incidental to the principal use.

**Garden suite**

A one-unit detached residential structure containing bathroom and kitchen facilities that is accessory to an existing residential structure and that is designed to be portable.

**Gazebo**

A freestanding roofed accessory structure which is not enclosed, except for screening or glass and which is utilized for the purposes of relaxation in conjunction with a residential

dwelling but shall not include any other use or activity otherwise defined or classified in this By-law.

### **Golf Course**

A public or private area operated for the purpose of playing golf, and includes a par 3 golf course, clubhouse and recreational facilities, driving ranges and miniature golf courses, and similar uses.

### **Greenhouse or nursery, commercial**

A building or structure, and lands associated therewith, for the growing of flowers, fruits, vegetables, plants, shrubs, trees or similar vegetation together with gardening tools and implements which are sold at retail from such building or lot to the general public.

### **Gross floor area**

The total floor area, as hereinafter defined, exclusive of any portion of the building or structure below finished grade measured between the exterior faces of the exterior walls which is used for heating, the storage of goods or personal effects, laundry facilities, recreational areas, the storage or parking of motor vehicles, exclusive of any private garage, carport, basement, walkout basement, cellar, porch, veranda or sunroom unless such habitable year-round.

### **Group home**

A single housekeeping unit in a residential dwelling in which three to ten persons (excluding staff) live together under responsible supervision consistent with the requirements of its residents and which is licensed and/or approved under Provincial statute and in compliance with municipal by-laws.

## **Zone**

The category of land use activity permitted and regulated by this By-law, as designated on the land use maps being a part of this By-law and defined in the relevant zone sections contained in this By-law. Where the word “zone” is used in this By-law, preceded by any names or symbols, the zone shall mean and read as such area(s) delineated on the zoning schedule and as provided for in each appropriate section of the By-law specifically addressing such zone.

## **Zone provision/regulation/requirement**

The minimum area, lot dimensions, required yards, lot coverage, open space, height, minimum setbacks, number of principal uses and/or buildings, or other such regulations that are set out in this By-law in the respective zones, excluding such regulations as are set out in the general provisions section of this By-law.

DRAFT

## 3. GENERAL PROVISIONS

### 3.1 APPLICATION OF THIS SECTION

---

The provisions and requirements set out in this Section of the By-law shall apply to all lands within the Township unless otherwise specified.

### 3.2 ACCESSORY BUILDINGS, STRUCTURES AND/OR USES

---

1. Where this By-law provides that a lot may be used, or a building or structure may be erected or used, for a use that is permitted in the zone in which it is located, such use shall include accessory uses, buildings, and/or structures that are related to, incidental to, and ancillary to the permitted use, provided that:
  - i) No use is made of such buildings or structures for use or gain, except as specifically provided for elsewhere in this By-law.
  - ii) The main building, structure or use for the lot is already established and in existence on the lot, or a building permit has been issued for such main building.
2. Within any residential zone, the total lot coverage for all accessory buildings and/or structures on a lot shall not exceed the building area of the main building.
3. Within a commercial, light industrial or institutional zone, the total lot coverage of all accessory buildings or structures shall not exceed 15% of the lot area and shall have a minimum size of 25 square metres.
4. Maximum height for any accessory building shall not exceed; one storey; the height of the main building; or 6.45 metres, whichever is lesser, except in the case of an additional residential unit in an accessory dwelling unit, where the maximum height shall be 10 metres.
5. Except as otherwise provided, in all zones, accessory buildings or structures which are detached from the main building shall be erected and maintained in compliance with the yard and setback requirements of the zone in which such buildings or structures are located.
6. A detached garage or other accessory building or structure may, notwithstanding the yard and/or setback provisions described in the specific zone, be erected and

maintained in an interior side yard or a rear yard provided that the following requirements are met;

- i) Where such building or structure is located in an interior side yard, or a rear yard, it shall not be closer than 1.5 metres to any interior side or rear lot line; and not closer than permitted by the Ontario Building Code limiting distance and construction type.
- ii) Except in the case of a deck, a gazebo or a sauna, any such building or structure shall not be closer than 2 metres from a main building. An attached garage shall be considered as being a part of a main building for the purpose of this provision.

### **3.3 BED AND BREAKFAST ESTABLISHMENT**

---

1. Where a bed and breakfast establishment is permitted, the following provisions shall apply:
  - i) A bed and breakfast establishment may only be permitted in association with a permanent dwelling and shall not be permitted in association with a mobile home.
  - ii) Operation of the establishment shall be incidental and secondary to the principal use as a dwelling unit, and shall not significantly change the character or the exterior appearance of the dwelling.
  - iii) Meals may be provided to the bed and breakfast establishment guests, but such service shall not be extended to the general public.
  - iv) Not more than four bedrooms for guests shall be allowed and a minimum of one additional bedroom for the occupant of the dwelling shall be required to be provided.
  - v) In addition to the parking otherwise required, one parking space shall be provided for every two bedrooms used to provide accommodation as a bed and breakfast establishment.
  - vi) The operation of a bed and breakfast establishment shall not be permitted in conjunction with rental of accommodation of rooms.
2. A non-illuminated sign with a maximum size of 0.8 square metres shall be permitted.

### **3.4 BOAT LAUNCHES AND DOCKS**

---

1. Notwithstanding the yard provisions set out elsewhere in this By-law, a dock or boat launch may be permitted as an accessory feature in the front or side yard of a lot adjacent to a waterbody, provided that such feature is located no closer than 3 metres from any side lot line.

### **3.5 COMMERCIAL VEHICLES**

---

1. A maximum of one (1) currently licensed commercial vehicle may be stored on a lot in the Low Density Residential, Multiple Residential, Mobile Home Residential, and Waterfront Residential Zones. The commercial vehicle shall be stored on the said property but not on any road or other Township property.
2. In addition to one (1) stored commercial vehicle, a maximum of one (1) currently licensed commercial vehicle may be temporarily parked on a lot in the Low Density Residential, Multiple Residential, Mobile Home Residential, and Waterfront Residential Zones for a period not longer than 30 days in any calendar year.
3. Large commercial vehicles such as dump trucks, tractor trailers, etc., shall not be loaded and have a maximum weight of 25 tonnes. Any vehicle or equipment with tracks must be floated in and out of the Township.
4. An idling restriction of a maximum of 10 minutes for commercial vehicles is in place at all times.

### **3.6 COMMUNITY GARDENS**

---

1. Community Gardens are permitted in all zones, unless specifically prohibited.

### **3.7 CONTINUING USE**

---

1. Nothing herein shall prevent the continued use of any land, building, or structure for any purpose that is prohibited by this By-law provided that:
  - i) Such land, building, or structure was legally used for such purpose on the date of passing of this By-law, so long as it continues to be used for that purpose; or

- ii) A building permit has been issued and not revoked prior to the date of passing of this By-law, so long as the building or structure, when erected, is used and continues to be used in accordance with the purpose that was provided for in the building permit. Where such a building permit is revoked, the relief provided by this Section shall cease to apply.

Such land, building, or structure shall be considered to be a legally non-conforming use.

### **3.8 ENCROACHMENT INTO YARDS**

---

1. Notwithstanding the yard and setback provisions of this By-law to the contrary, drop awnings, clothes poles, garden trellises, retaining walls less than 1.5 metres above the average finished grade, fences, and landscaping and planting of all forms may be permitted in any required interior side yard or rear yard.
2. Notwithstanding the yard and setback provisions of this By-law to the contrary, sills, chimneys, cornices, eaves, gutters, parapets, pilasters, bay windows, and other ornamental structures may project into any required side yard a maximum distance of 0.6 metres from the main building.
3. Notwithstanding the yard and setback provisions of this By-law to the contrary, unenclosed porches, balconies, decks, landings, steps and patios may project into any required front, rear, or exterior side yard a maximum distance of 2.5 metres from the main building if such feature is not covered, and 1.5 metres from the main building if such feature is covered, but may not be closer than 1.2 metres to any lot line. Where the floor of any porch or balcony is more than 1 metre above finished grade, the side yard and rear yard setback requirements for the principal use and/or main building shall apply.
4. No water circulating or pumping equipment for a swimming pool or hot tub shall be located closer than 3 metres to any side or rear yard.
5. Notwithstanding the yard and setback provisions of this By-law to the contrary, an unenclosed fire escape, balcony, and/or an access ramp for handicap access may be permitted to encroach into any required yard setback.

### **3.9 FLOOD PLAIN OVERLAY**

---

1. Despite the permitted uses listed in any zone, within areas identified as being subject to the Flood Plain Overlay on the Schedules of this By-law, no new development shall be permitted, with the exception of the following:

- i) Agricultural uses
  - ii) Boat launch
  - iii) Boathouse
  - iv) Conservation
  - v) Forestry use
  - vi) Golf course
  - vii) Marina, excluding buildings
  - viii) Park, private recreation, excluding buildings
  - ix) Park, public
  - x) Resource management
  - xi) Sewage treatment facility
  - xii) Water works or facility
2. Existing uses and building(s) as of the date of passing of this By-law may be renovated, repaired, maintained, and may be expanded up to 20% of the gross floor area that existed at the date of passing of this By-law, provided that the maximum lot coverage provisions of the applicable zone are complied with.

### **3.10 GARDEN SUITES**

---

1. Garden suites shall be permitted by way of a temporary Zoning By-law Amendment in conjunction with a permitted single-detached or semi-detached dwelling, subject to the following:
  - i) One garden suite may be authorized on a lot for a renewable period of up to twenty (20) years from the date of passing the temporary by-law.
  - ii) A garden suite may not exceed 56 m<sup>2</sup> in gross floor area.

- iii) The addition of a garden suite is subject to the lot coverage provisions of the zone in which it is located.
  - iv) A garden suite shall be one (1) storey, having a height not exceeding 4.6 metres.
  - v) A garden suite shall comply with the setback requirements for accessory buildings, as set out in this By-law.
  - vi) A garden suite shall not be constructed or arranged as to constitute a travel trailer.
  - vii) One (1) parking space shall be provided for the garden suite, in addition to the parking spaces required for the main dwelling, in accordance with the relevant zoning provisions governing parking. The required parking space for a garden suite may be stacked in tandem behind the required parking space of the main dwelling unit; however, the creation of the garden suite must not eliminate a required parking space for the main dwelling unit.
2. As per the Planning Act regulations for garden suites, Council shall require the owner of the suite or any other person to enter into an agreement with the municipality dealing with such matters related to the temporary use of the garden suite as the Council considers necessary or advisable, including the:
- i) Installation, maintenance and removal of the garden suite.
  - ii) Period of occupancy of the garden suite.
  - iii) Monetary or other form of security that the council may require for actual or potential costs to the municipality related to the garden suite.
  - iv) Connection to existing services (sewer, water, hydro, septic, well).

### **3.11 GAS TRANSMISSION FACILITY SETBACKS (TRANSCANADA PIPELINE)**

---

1. No permanent building or structure may be located with 7 metres of the TransCanada Pipeline right-of-way.

### 3.12 GAZEBOS AND SAUNAS

---

1. Notwithstanding the yard provisions, and the accessory buildings and structures provisions set out elsewhere in this By-law, a gazebo and/or a sauna may be permitted in a required front yard adjacent to a waterbody, provided that it:
  - i) Is no larger than 14 square metres.
  - ii) Has a setback of at least 4 metres from the high water mark of the waterbody.
  - iii) Does not exceed a maximum height of 4.5 metres.
  - iv) Does not include a hot tub.

In all other situations a gazebo and/or sauna shall not be permitted within the required front yard.

### 3.13 HEIGHT PROJECTIONS

---

1. Notwithstanding the provisions set out elsewhere in this By-law, nothing shall prevent the erection, maintenance and use of a place of worship spire, belfry, flag pole, a satellite antenna not in excess of 0.6 metres in diameter, roof mounted ventilation, electrical, or mechanical enclosures, or communication towers operated by a public utility.

### 3.14 HOME INDUSTRIES

---

1. Where a home industry is permitted, the following provisions shall apply:
  - i) Such home industry may be located in part of a dwelling or in any accessory building located on a lot on which a dwelling is in existence, provided the total gross floor area utilized by the home industry does not exceed a maximum of 100 square metres.
  - ii) There shall be no display, other than a non-illuminated sign having a maximum surface area of 1 square metre, to indicate to persons outside that any part of the dwelling or dwelling unit is being used for a purpose other than residential.
  - iii) There shall be no outside storage of goods, material, vehicles or articles used in the home industry.

- iv) Such home industry shall be clearly accessory to the principal residential use and shall not change the residential character of the dwelling or the lot.

### **3.15 HOME OCCUPATIONS**

---

1. A home occupation is permitted as an accessory use to a residential use, except a seasonal dwelling unit and an apartment building. Where permitted, the following provisions shall apply:
  - i) A home occupation shall be secondary to the principal residential use, and shall not change the residential character of the dwelling.
  - ii) Only one home occupation shall be permitted in conjunction with a dwelling.
  - iii) There shall be no display, other than a non-illuminated sign having a maximum surface area of 1 square metres.
  - iv) There shall be no outside storage of goods, materials, containers, or other materials used in conjunction with the home occupation.
  - v) An additional two parking spaces shall be provided and maintained.
  - vi) The home occupation shall be carried out entirely within the dwelling or entirely within an accessory building normally associated with a dwelling.
2. Home occupations that grow to larger scale activities will be encouraged to seek out new accommodation that is more commercial or otherwise in character with the activity at a larger scale.
3. A home occupation shall not include a boarding, rooming or lodging house; any eating establishment; or a bed and breakfast establishment or similar facility offering accommodation.

### **3.16 LOADING SPACE**

---

1. Loading spaces are required and shall be provided under this By-law in accordance with the standards and regulations set out herein.

2. Each required loading space shall be not less than 15 metres in length; 3.5 metres in width; and have a vertical clearance of at least 4.3 metres.
3. Loading spaces shall not include any area that is committed to the calculation and provision of require parking spaces.
4. For residential buildings containing more than 10 dwelling units, one loading space shall be provided and maintained.
5. For non-residential uses, the following spaces shall be required and maintained;
  - i) Building less than 500 square metres no spaces required
  - ii) Building of 500 to 2,500 square metres one space required
  - iii) Building greater than 2,500 square metres two spaces required
6. Access to any loading space shall be by means of a driveway of at least 3.5 metres in width contained on the lot on which the loading space is required and leading to an improved road, either directly or through aisleways and/or driveways elsewhere on the lot.
7. Any required loading space shall be located in a side yard or rear yard; or in a front yard where such space or spaces are removed from the street or highway a minimum of 15 metres.
8. Where any non-residential building in existence at the date of passing of this By-law does not provide loading space in accordance with the requirements set out herein, expansion of such building may occur, provided that such expansion does not exceed 300 square metres, without the need for such loading space to be provided. Where expansion exceeds the said 300 square metres size, loading space shall be provided for the building in accordance with the requirements set out above.
9. Where any residential building in existence at the date of passing of this By-law does not provide loading space in accordance with the requirements set out herein, expansion of the number of units may occur within the existing gross floor area of the building without the need to provide a loading space. Where expansion of the gross floor area of such a building is involved in order to facilitate new dwelling units, a loading space shall be provided.

### **3.17 MINIMUM REQUIRED FRONTAGE**

---

1. No main building or structure shall be erected in any zone for any purpose unless the lot upon which such building or structure is located abuts and has practical and useable frontage of not less than 6 metres on an existing public road that is opened, travelled, and maintained by the Township or by any other appropriate public road authority, provided that this requirement shall not apply to:
  - i) Lands for which a private road has been considered and accepted as a component within an approved plan of condominium.
  - ii) A remote hunting or fishing camp accessed over private road crossing Crown lands and/or involving private lands for which legal access has been arranged.
  - iii) A remote hunting or fishing camp with frontage onto a body of water allowing for boat access.
  - iv) Lands used for forestry purposes, including the harvesting of trees and secondary processing of woodland products, and/or for mining purposes, accessed over Crown lands and/or involving private lands for which legal access has been arranged.
  - v) A lot contained in a registered plan of subdivision where a properly executed subdivision agreement has been entered into with the Township, notwithstanding that the street(s) may not be accepted by the Township until the end of any maintenance period.
  - vi) The continued use and the enlargement, extension, reconstruction, renovation, repair or maintenance of existing buildings and/or structures that are located upon a lot that utilizes private road access existing on the date of passing of this By-law.

### **3.18 MOBILE HOMES**

---

1. Mobile homes shall only be permitted on lands that have been zoned as Mobile Home Park.

### 3.19 MORE THAN ONE ZONE ON A LOT/SPLIT ZONING

---

1. Where a lot has more than one zone applying to it, then the regulations of the zone where 50% or more of the use, buildings, or structures are located, or are intended to be located, shall apply, unless the dominant zone is the Flood Plain Zone in which case the requirements of the next largest zone shall apply.
2. In such situations, the total lot may be used to satisfy the applicable zone requirements (e.g. minimum lot area and frontage) for all zones in which such a lot is located.

### 3.20 NON-COMPLYING USE

---

1. Nothing in this By-law shall prevent the renovation, repair, expansion or rebuilding of a non-complying use, at the same location, provided in the case of reconstruction, that a minimum 0.6 metre setback is maintained between the building and any lot line, except a lot line where a party wall is located.
2. Nothing in this By-law shall prevent the strengthening, repair, expansion, or enlargement of any non-complying use provided such works do not further contravene any of the regulations of this By-law.
3. For the purposes of this Section, any expansion or addition that extends or continues further along the established building line of an existing non-complying situation shall be considered not to represent a further contravention of the relevant regulation or provision of this By-law. Notwithstanding, no such extension shall bring an expansion or addition to an existing building closer than 0.6 metres to a lot line, except a lot line where a party wall is located.
4. Nothing herein shall prevent a non-complying lot from being increased in size, provided that such increase in size does not in any way further contravene any of the regulations of this By-law. Where such increase in size reduces the extent of an existing contravention or discrepancy, the resulting new lesser contravention or discrepancy is deemed to be legally non-complying.

### 3.21 NON-CONFORMING USE

---

1. Should an existing legally non-conforming building, structure, or use be damaged or destroyed by accidental fire or natural disaster that is beyond the capacity of the owner/occupant to control, nothing shall prevent such building or structure from being restored, repaired, strengthened or reconstructed, provided that the

height, size and/or volume of the building are not increased; that the building is reconstructed at its prior location on the lot; and provided further that the use is not altered or changed.

2. Except in the case where lands are taken by a public body for public purposes, the size of a legally non-conforming lot shall not be reduced. Where lands are taken by a public body, the residual lot shall not lose its legally non-conforming status through such action.
3. Except as provided for in this Section, so long as any land, building, or structure remains as a legally non-conforming use, none of the relevant zone regulations apply. Use will be limited entirely to those buildings and/or structures as they existed on the date of passing of this By-law, and such alterations as are provided for hereafter in this Section.
4. Where a non-conforming use is converted into a legally permitted use, or where a non-conforming use has been abandoned or otherwise terminated; all future use of the lands, buildings, and/or structures shall be in accordance with this By-law, and any previous legally non-conforming status shall no longer exist. Where such conversion to a permitted use exists, any legally existing building or structure shall be deemed to be legally non-complying with respect to any discrepancy to any regulation or requirement that is not met at the date of such conversion.
5. Nothing herein shall prevent the maintenance, repair, or strengthening of a legally non-conforming use to a safe condition.
6. Nothing herein shall prevent the interior of any non-conforming use from being reconstructed or structurally altered for the existing purpose for which the building or structure is being legally utilized.
7. Where, in any zone a non-conforming residential use exists, nothing in this by-law shall prevent the construction of a detached accessory building to such use provided that all yard and setback requirements are complied with.
8. Where any lot, building, or structure was used at January 1st, 1980 for a use that is permitted in the zone in which it was then located, such use is deemed to have been a legally conforming use as of that date, provided that the lot, building, or structure continues to be used for that purpose.

9. Where any land, building, or structure was used at January 1st, 1980 for a purpose that was not permitted in the zone in which the lands are located, such use is deemed to be a legally non-conforming use as of that date.

### **3.22 OCCUPANCY RESTRICTIONS**

---

1. Except as specifically provided, human habitation shall not be permitted in any of the following buildings, structures, or parts thereof;
  - i) A truck, bus, coach, vehicle, or streetcar body whether mounted on wheels or not.
  - ii) A recreational vehicle located outside of a campground or RV/tent and trailer campground, except that one recreational vehicle may be used for habitation on a property where a dwelling unit is in existence on the same lot for a period not exceeding 180 days in any calendar year.
  - iii) A dwelling for which the main side walls and roof have not yet been erected, and for which windows, external siding, roofing, have not yet been completed, and for which electrical, kitchen, heating and sanitary services and facilities/conveniences have not been installed and rendered useable.
  - iv) Notwithstanding iv) above which shall otherwise continue to apply, a dwelling unit in a multiple residential building may be occupied provided that all of the conditions described in iv) above are satisfied for such dwelling unit, whether or not one or more of the other dwelling units in the building have not been completed.

### **3.23 ONE DWELLING UNIT PER LOT**

---

1. Unless otherwise permitted in this By-law, no more than one dwelling unit shall be permitted on any lot.
2. Notwithstanding the above, additional residential units may be permitted subject to the provisions set out in the Additional Residential Units Section of this By-law, and shall not be considered as more than one dwelling on a lot.

### **3.24 OUTDOOR FURNACES AND WIND TURBINE ELECTRICAL GENERATION**

---

1. Outdoor furnaces used for the burning of wood, coal, petroleum or renewable fuels shall only be permitted outside of the settlement area on lots not less than 1 hectare in size, except by specific rezoning.

2. An outdoor furnace shall have a minimum setback of 10 metres from any lot line, and shall not be permitted in a required front yard or any front yard as established by the principle building.
3. An outdoor furnace shall be located at least 3 metres from any trees or non-habitable structure.
4. Individual wind turbine electrical power generation facilities shall not be permitted in the settlement area except by specific rezoning.

### 3.25 PARKING

1. Permanently maintained off street parking spaces are required and shall be provided under this By-law in accordance with the standards and regulations set out herein.
2. Parking spaces shall be provided in accordance with Table 1. Where the calculation of the number of required spaces exceeds a whole space by more than 0.25 the required spaces shall be the next whole number.

**Table 1: Parking Space Requirements**

Use	Minimum Number of Parking Spaces
<b>Residential Uses</b>	
Boarding house	1 space per dwelling plus one space for every five rooms providing accommodation
Additional residential units	1 space per dwelling unit
Seniors residence	0.5 spaces per dwelling unit

Warehouse	1 space per 372 square metres
All other uses not specifically listed above	1 space per 23 square metres of gross floor area

3. In addition to the parking requirements in Table 1, apartment buildings and triplex dwellings shall provide visitor parking on the same lot. The minimum visitor parking requirement shall be 0.2 spaces per dwelling unit.
4. Every lot fronting on a street shall have one or more unobstructed driveways in accordance with the following:
  - i) Driveways shall not exceed 9 metres in width.
  - ii) No lot shall have more than two driveways for the first 30 metres of street line and one more driveway for each additional 30 metres of street line.

5. The width of a driveway leading to any parking area shall be a minimum of 3 metres for one-way traffic and a minimum of 6 metres for two-way traffic, except in the case of a duplex dwelling in which case the width of a driveway for one- or two-way traffic shall be not less than 3 metres.
6. Where more than three parking spaces are provided at one location, such parking spaces shall have direct and unobstructed access to an aisleway, which aisleway may also be a part of the driveway. The size of such aisleway shall be as follows:
  - i) Up to and including 45 degrees 4.6 metres
  - ii) Over 45 and up to 70 degrees 5.4 metres
  - iii) Over 70 degrees 6.7 metres
7. Each required parking space shall have rectangular dimensions of not less than 3 metres by 6 metres, except:
  - i) Where the parking space abuts an obstruction, the width shall be increased to 3.5 metres.
  - ii) Where principal access is provided along the longest dimension of the parking space, then the minimum space shall be 2.4 metres by 6.7 metres.
8. Where an existing building or structure has insufficient parking spaces on the effective date of this By-law, this By-law shall not be interpreted to require that the deficiency be made up prior to the construction of any addition or a change of use, provided that any additional parking spaces required for such addition shall be provided in accordance with all regulations herein respecting parking spaces.
9. Parking spaces may be provided on the same lot as the principal use, or on additional owned lands within 40 metres of the closest boundary of the lot containing the principal use.
10. Where there is more than one use on the lot, the parking space calculation for the whole building may be either of:
  - i) The sum of the parking space requirements for each separate use, applied to that specific portion of the building containing or to contain such use, or

- ii) The parking requirement set out for a mixed use facility applied to the whole of the building.

11. Parking spaces shall be permitted in all yards.

12. Parking spaces shall be utilized for the parking of operative, currently licensed vehicles only, except that the owner or occupant of dwelling may store not more than one camper trailer upon such parking space when such vehicle is not currently licensed.

**3.25.1 Barrier-free Parking Spaces**

1. Barrier-free parking spaces shall be provided at the rate specified in . Each Barrier-free parking space shall:

- i) Meet all specifications of the Ontario Building Code regarding Barrier-Free Parking Design;
- ii) Be located on level ground within close proximity and access to the building entrance; and
- iii) Be clearly marked and reserved for the exclusive use of physically disabled persons.

2. The dimensions of Barrier-Free Parking Spaces shall be as follows:

- i) The minimum width shall be 3.5 metres and a minimum length shall be 6 metres.
- ii) If two adjacent spaces are designated for the disabled, then the total width of both spaces together shall be 6.4 metres if a 1.5 metres wide access aisle separates the two spaces.

**Illustration of Barrier-free Parking**

- iii) If no access aisle separates the spaces, the total width of the two (2) spaces shall be 7.4 metres.

Table 2: Barrier-Free Parking Space Requirements

Parking Area Capacity (Parking Spaces)	Minimum Number of Barrier-Free Parking Spaces
1-10	0
11-25	1
26-50	2
51-75	3
76-100	4
More than 100	3% of total to a maximum of 10 spaces

### 3.26 PROVINCIAL HIGHWAY

---

1. Where any development is adjacent to any Provincial Highway, access approval and or building permit controls may be applicable. Compliance with such controls will be required to be demonstrated prior to the issue of a building permit by the Township.

### 3.27 PUBLIC USE

---

1. Except as provided hereafter, the Provisions of this By-law shall not apply to prohibit the use of any lot or the erection of any building or structure for the purposes of a public use by any Federal, Provincial, District, or Municipal agencies, and includes any public department, ministry, commission, corporation, authority, board, utility, or other agency established from time to time by such agencies, for the purposes of carrying out their mandate. Nothing herein shall prevent the use of land as a public road, lane or sidewalk, or prevent the installation of water, sewer, or storm sewer main, or of underground or overhead hydro, telephone, or communication lines; or of any natural gas distribution system operated by a company that has obtained and possesses all necessary rights, licenses and franchises.
2. Where a public use is specifically mentioned as a permitted use within a specific zone, then such public uses shall only be permitted in that zone, and the above shall not apply.

### 3.28 RECREATIONAL VEHICLE, TRAILER PARKING AND STORAGE

---

1. The following applies to the parking and/or storage of recreational vehicles, travel trailers and park model trailers in the Settlement Area where a dwelling is located on the same lot:

- i) A maximum of two (2) recreational vehicles or trailers may be stored in any zone, in accordance with Table 3.

**Table 3: Recreational Vehicle and Trailer Storage Locations and Limits**

Location (yard)	Number of Recreational Vehicles or Trailers Permitted to be Stored in Location
<b>General</b>	
Front Yard	0
Rear Yard	2
Interior Side Yard	2
Exterior Side Yard	0
<b>If a Rear Yard or Interior Side Yard is Inaccessible Due to Building Configuration or Natural Features</b>	
Front Yard	1
Exterior Side Yard	1

- ii) Where a recreational vehicle or trailer is stored on a lot in accordance with Table 3, such vehicle or trailer may be used for human habitation for a maximum of 180 days in any calendar year.
  - iii) In addition to any permitted stored recreational vehicle or trailer, one (1) additional recreational vehicle or trailer may be temporarily parked anywhere on a lot and used for human habitation for a maximum of 30 days in any calendar year.
  - iv) Where a recreational vehicle or trailer is parked or stored in the front yard or exterior side yard, a minimum setback of 2 metres shall be maintained between the closest part of the recreational vehicle or trailer and the front yard lot line or exterior side yard lot line.
2. The following applies to the parking of recreational vehicles, travel trailers, and park model trailers within the Settlement Area on vacant residential lots:
- i) One (1) such recreational vehicle or trailer may be temporarily parked anywhere on a vacant residential lot for a maximum of 30 days in any calendar year.
  - ii) Where a dwelling is being constructed or reconstructed and a Building Permit has been issued by the Township for the subject lands, a recreational vehicle or trailer may be parked anywhere on the same lot and be used for

human habitation during the period which the dwelling is being constructed or reconstructed.

3. The provisions of this section shall not be interpreted as applying to an RV/tent and trailer campground.

### **3.29 REMOVAL OF LAND BY A PUBLIC AGENCY**

---

1. Where the acquisition of land by a public agency or authority results in the creation of a deficiency with respect to one or more of the regulations that are set out in the general or in any specific portion of this By-law, such resulting condition shall be deemed to be legally non-complying.

### **3.30 SEASONAL RESIDENTIAL LAND USE**

---

1. A seasonal residential use (besides permanent) is permitted along West Beach Drive and Fox Point Road. A seasonal residential use is permitted along other shorelines of Agimak Lake provided that it was in existence prior to November 9, 2005. Private services are expected for a seasonal residential use. (By-Law #48/2014)

### **3.31 ADDITIONAL RESIDENTIAL UNITS**

---

1. A maximum of one (1) additional residential unit shall be permitted in a single-detached dwelling, semi-detached dwelling, or townhouse dwelling, where such a dwelling is permitted by this By-law.
2. A maximum of one (1) additional residential unit shall be permitted in a building or structure ancillary to a single-detached dwelling, semi-detached dwelling, or townhouse dwelling, where such a dwelling is permitted by this By-law.
3. The following provisions shall apply to an additional residential unit whether in a dwelling or in a building or structure ancillary to a dwelling:
  - i) A building permit is required prior to the establishment of an additional residential unit and must follow the requirements of the Ontario Building Code.
  - ii) Parking for additional residential units shall be provided in accordance with the parking provisions in this By-law.

- iii) Notwithstanding any other provision in this By-law, required parking spaces for additional residential units may be stacked behind any required spaces for the principal dwelling unit.
- iv) The creation of the additional residential units must not eliminate a required parking space for the principal dwelling unit.

### **3.32 SPECIAL SETBACKS**

---

- 1. Where a lot abuts a road allowance that is less than 20 metres in width, the minimum setback from the street line shall be 10 metres from the centre line of the travelled street, plus the required front yard or exterior side yard as set out within the relevant zone.
- 2. No dwelling shall be located closer than 500 metres of the approved limit of a landfill site.
- 3. Unless otherwise permitted by this By-law, no building or structure, and no leaching bed for a sewage system shall be located within 30 metres of the high water mark of any watercourse or lake.
  - i) Vacant lots of record, existing on the day that this By-law was passed, shall attempt to have structures and septic systems set back a minimum of 30 metres from the high water mark. Where it is not possible to achieve the 30 metre setback, then new buildings and structures shall be set back as far as possible from the high water mark, to the satisfaction of the Chief Building Official of the approval authority.

### **3.33 TEMPORARY USES**

---

- 1. Notwithstanding any other provision of this By-law to the contrary, where a dwelling or building is being constructed or reconstructed, and a building permit has been issued for the same lands, the occupants of the dwelling or building may occupy a temporary trailer during the period within which the dwelling is being constructed.
- 2. A vinyl, temporary vehicle shelter or other similar portable building may be erected on any residential lot to provide shelter to a private vehicle, provided that all of the requirements of the particular zone for yards are complied with.

### 3.34 UNDERSIZED LOTS

---

1. Where a vacant lot exists in separate ownership as of the date of passing of this By-law, and has a lesser lot width/frontage and/or a lesser minimum lot area than is required by this By-law, such deficiency shall not prevent the use of the lot for the erection, alteration, or use of buildings, structures consistent with all other regulations and requirements of the zone in which the land is located, provided that:
  - i) A minimum of 6 metres of lot boundary is abutting a public road; and
  - ii) Such lot is capable of being connected to existing municipal sewer and water services, or supporting private water and septic sewage systems.

For such undersized lots:

- i) The required side yards may be reduced to not less than 10% of the lot width/frontage.
- ii) Any such undersized lot may be increased in size and where the resulting new lot continues to be undersized, the relief, status, and rights bestowed by this Subsection shall continue to apply.
- iii) In no instance shall an extension to a building on an undersized lot be closer than 0.6 metres to a lot line, unless a party wall is present on such a lot line.
