White Otter Days a Big Success

Over the past few weeks, our community has been busy with different events. The Township of Ignace -Recreation Department was able to pack White Otter Days full of fun. From the Canada Parade, Fireworks, Hockey Tournament, Beaver Street Block Party, Boardwalk Church Service, Beach Day, Iggy's Birthday Party, Youth Barbeque, Public Skating, Library's 30th Anniversary, Senior's Pontoon Boat Ride, Paddle Palooza, Baseball Tournament, and KIDSFEST; it really was an amazing week. Thank you to all the organizations and community members that participated in the events. The pictures show that a great time was had by many.

Council Meeting Schedule

Regular Meeting of Council

There is no regular meeting of Council for August 2022 but mark your calendars for the next one: 19 September 2022 @ 6:00 p.m.

Committee Meeting Schedule

Ignace Community Nuclear Liaison Committee (ICNLC)

There is no ICNLC meeting for August 2022

Economic Development Committee

Meetings will reconvene in September 2022

Waste Disposal Schedule

Landfill Site – Monday, Wednesday and Saturday
1:00 – 5:00 p.m.

Garbage Collection

Commercial & Residential
Monday and Thursday

The Ignace Community Mural event was held on Saturday, July 16th in the Recreation Centre parking lot. Members of the community came out to help paint parts of the mural, and Township staff and students completed the mural this week. A frame will be constructed and installation of the mural on the outside of the Recreation Centre will occur once the frame is complete and the weather seal is set.

This initiative is part of the Ignace Urban Art & Senior's Trail, and this project was designed by the Township of Ignace's Community Designer, Kimberly Richards, to involve the community in the creative process and create a sense of pride and ownership of the project for community members.

The Ignace Urban Art & Senior's Trail began in the summer of 2021 with the repaving of the Agimak Creek Trail and the painting of bike lane lines. The Community Mural will be the second art installation on the Urban Art Trail in 2022. On June 18th the Ignace Skate Park Art Project event had 12 Ignace youth participate in beautifying the area with a colourful geometric design. Local artists Robert Furlong and Kimberly Richards will each be completing permanent art urban art installations this year as well. To improve the accessibility of the Ignace Urban art & Senior's Trail, seating, bike racks, solar lighting, additional waste receptacles, and dog waste systems will also be coming soon to the streets of Ignace.

Stay tuned for more developments as they happen!

Ignace Seniors Housing Complex

It pleases the Township of Ignace to announce the property that will house the new senior housing complex has been cleared of trees and debris.

The Ignace Seniors Housing Steering Committee met on June 24, 2022, and chose the successful contractor, Finn Way General Contractors, designed by Nelson Architecture Inc., to build the 20-unit Seniors Housing Complex. The Council for the Corporation of the Township of Ignace approved the recommendation at the Regular Meeting of Council on July 18, 2022.

"The senior housing complex has been needed in the community for some time. This project has been made possible through the combined efforts of the Township of Ignace, Mary Berglund Community Health Centre, Kenora District Services Board, Nuclear Waste Management Organization, and the Canada Mortgage and Housing Corporation (CMHC)," says Mayor Lucas.

The complex will include four two-bedroom and 16 one-bedroom units with kitchens, bathrooms and patio space. There are also common areas for gatherings and office space for on-site support.

Heidi West, the Executive Director of the Mary Berglund Community Health Centre and Chairperson of the senior housing steering committee, says that "this is an important project that will allow our aging population to live in their community and have family support along with having the camaraderie of friends close by. The building of this complex is an exciting time for our community."

Anyone who would like to view the Ignace 20-unit seniors housing complex report may do so at this link: <https://www.ignace.ca/news/township-news/ignace-20-unit-seniors-housing-complex>. If you have any questions, please get in touch with the Township of Ignace at 1-807-934-2202.

TOWNSHIP OF IGNACE SURPLUS PROPERTY FOR SALE

The Corporation of the Township of Ignace has declared the following property as surplus and available for sale:

Address: 325 Front St
Legal Text: PLAN M119 LOT 15 PCL 6628
Roll Number: 6001000001064000000

Address: 205 Davies St
Legal Text: PLAN M671 LOT 98 PCL 32336
Roll Number: 6001000001401980000

The subject properties are being sold on an "as is" and "where is" basis. The data provided is considered to be basic approximate information only and is not intended to fully describe the subject property. Any interested party should satisfy themselves as to the suitability of the property for their purposes. It is the responsibility of the Purchaser to do its own due diligence in this regard. The Township of Ignace provides no representations or warranties of any kind whatsoever.

The highest offer or any offer may not necessarily be accepted. The Township reserves the right to dispose of the land as it may see fit and further, the Township reserves the right to further negotiate with a proponent on any Offer received. Any transaction negotiated is subject to the final approval of Council.

Interested parties should complete an Expression of Interest that is available from the Township of Ignace office or at the following link:

https://www.ignace.ca/images/Expression_of_Interest_210812.pdf

All expressions must be filled out and put in a sealed envelope, clearly marked "confidential" with the civic address to which Expressions of Interest pertains and must include the intended use of property by no later than **Friday, August 19, 2022 at 4:30 pm (CST)**.

Please submit Expressions of Interest to Keith Roseborough, Coordinator, Department of Planning, Development, and Engagement Services.

A Township of Ignace
Engagement Initiative

Envisioning a Perfect Ignace

Youth Engagement Sessions

Karen Dufault, Youth Programmer, and Kim Richards, Community Designer organized this initiative to give Ignace youth a chance to talk about Ignace, planning, and what they felt were important features in their vision of a perfect community.

More sessions are being planned.

June 3

The Grade 1 & 2 class was asked to talk about what things a good community would have.

Students were given 3D building templates which they decorated to create a variety of different houses and service buildings.

Students made roads out of sentence strips and named their roads. Then they talked about where their building was in relation to the other buildings.

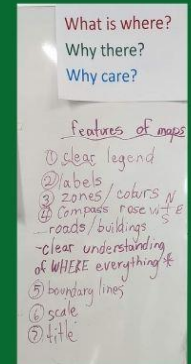

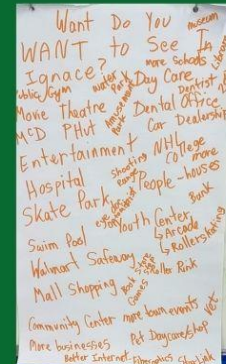

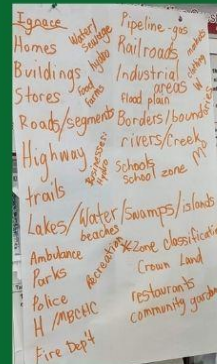

June 9

The Grade 7 & 8 class were asked to brainstorm what should be included in a clear map as well as what a good community needs to have for services.

Ignace's Final Zoning By-Law maps were shown and discussed about what different zones mean and why they are important.

Students were given a map of the Ignace area approximately 12' x 12' that included only water bodies, the highway, and the railroad.

Students were asked to create buildings from a variety of materials and re-plan Ignace as they saw fit while collaborating with their peers on best planning practices for their community

Things youth want to see in Ignace:

- Movie theatre
- Public swimming pool
- Community Centre
- Youth Centre
- Amusement park
- Dog Park
- Optometrist
- Dentist
- Car Dealership
- More variety of retail
- More Restaurants
- Better Internet
- More parks
- Food farms
- Splash pad
- Mall
- Day care
- Hospital

Active Retirement Living

August 2022

Also online on Facebook

The garage sale at the Ignace Silver Tops was a huge success. Thank to all who came out to support the event and thank you to all the hard-working helpers who made the event possible.

Next Meeting

August 8th, 2022 (The first Monday is a statutory holiday.)

Bingo will continue until the end of August.

Digital Learning will resume in September, with funding from the New Horizons for Seniors grant. There'll be one evening class and one afternoon class per week. Days and times are to be announced.

Do You Remember? Ink wells in your school desk – the round hole in the righthand corner? The bottle of ink that sat in it. The boy behind dipping your braids in the ink. Straight pens with interchangeable nibs. Rectangular pink blotters that soaked up the excess ink and dried your page so you didn't smear. Trying to wash ink off your fingers. Ah! – the ball point pen – one of the world's most wonderful inventions!

Wellness

Summer weather makes it so much easier for seniors to get together with family and friends. Socializing is so important, with many proven mental health benefits for seniors. Check out <https://www.seniorlifestyle.com>:

Fortunately, socialization has been shown to be one of the most effective ways for seniors to improve their mental health. According to the American Public Health Association, socialization improves mood, cognition, memory recall, and is associated with healthy behaviours, including exercise. Connecting with family and friends through technology, exercise, games like bingo and cards, and other activities has a profound effect on the mental health of seniors."

The Silver Tops Centre is open Monday afternoons throughout the summer. Come and visit!

By-laws Review

The By-laws Committee has completed the review of the Club's by-laws and is recommending a number of changes. The new document is available to members, and the committee will be giving a presentation at the August 8th meeting. The final vote on acceptance will be held on August 29th at a special meeting. This will enable the Club to begin its new fiscal year in September under the new by-laws if they are accepted.

Continued on Page 9

Coming Up in August

- Aug 8th – Regular meeting – revised by-laws presentation
- Monday afternoons – Drop-Ins continue
- Tuesdays – bingo till the end of August
- Aug 18th – Book Club
- Aug 29th – Special meeting to vote on revised by-laws

New in the Centre – The chair dollies have arrived and have been put into service. They certainly make setting up and putting away so much easier! The interior painting is complete, and has given the hall a fresh new look. Come check it out!

Ignace Silver Tops Greystorming is our private FaceBook page. It's "members only", and more relevant information is posted there than on a public page. If you're on FaceBook and haven't joined yet, please request to join the group.

Tell Me a Story

"I was born in England during World War II, in Caterham, in the southern area. My dad was a Canadian soldier, and my mom an English war bride. I remember having to sleep under a bed with my mom because of the bombing, and seeing the glass from the broken windows on the floor in the morning.

After the war was over we couldn't come to Canada right away because my grandmother was old and sick and the authorities would not let her come to Canada (not like it is today!). My mom had to stay in England and look after her until she died.

In November, 1950, we finally sailed for Canada on the *Empress of Canada*. The crossing was during one of the worst storms experienced in a long while. My mom was seasick the whole time and had to stay in our cabin, but I was not sick and roamed the ship by myself.

I guess the captain felt sorry for me, and had me take my meals at his table. I remember there was a large bowl of fresh fruit – grapes, bananas, oranges, apples – that I had never before had the chance to see or taste for real. One funny thing happened, and the joke was on me – there was a small bowl of water with a lemon slice in it. I was thirsty during the meal and I drank the water, not knowing that it was a finger bowl! It tasted good to me! When we got to Canada my dad met us at Montreal. I was almost 9 years old, and it's the first time I remember seeing him. We took the train to New Brunswick, and had breakfast on the train. I was shocked at the amount of food available, because rationing was still in effect in England. I exclaimed to my dad, "You're eating a whole rasher of bacon!" Canada was sure different from post-war England!"

- by Robin Russell

Emmanuel Anglican/United Church Programs

Blessings in a Backpack

Blessings in a backpack is one initiative of Emmanuel Anglican/United Church. This program has been operating for 7 years in Ignace and it provides food for the weekend for children in need who are in Jr. Kindergarten to Grade 8. The school has identified them as potential recipients and parental/guardian consent is required. They may or may not utilize the service. It is available to both Ignace School and Ecole Immaculee Conception. The heavy bags are delivered to the home every Friday afternoon. The bags may include some of the following: fresh fruit, bread, milk, eggs, granola bars, peanut butter, cheese whiz, fresh vegetables, soup, kraft dinner, cans of meat, beans ravioli, pancake mix etc. The plan is to provide something for each meal on the weekends for the students. Filling hungry tummies is important as hunger doesn't take weekends off! The monthly menu varies; weeks 2 and 4 include milk, weeks 3 and 5 are eggs and week 1 is peanut butter (so far no allergies). This international program is to operate September to June. When covid hit, we began including the summer months and it has now turned into a full year program for us here! We are always very appreciative of donations to this essential program.

Continued on Page 10

Continued from Page 9 (Church Programs)

Blessing Box

The blessing box is located on the edge of Emmanuel Anglican/United Church parking lot, facing Balsam Street. It has been very well received and used by the community. Due to public health regulations though, the church needs to control what goes into the Blessing Box. Donations of dry food items such as soups, cereals, oatmeal, noodles, kraft dinner, Ramen noodles, powered milk, sanitary items, and even baggies of dog food are appreciated. Please contact Rev Jeanne Bryan if you wish to donate any items. The Blessing Box is used daily and helps people of all ages in the community.

Stay tuned for more of Emmanuel Church's programs in the September 2022 Ignace Bulletin issue.

The Engagement Team would like to take this time to thank all the Volunteers, Businesses, and Patrons for participating in the 2022 White Otter Days events; without you these events would not have been possible!

Everyone worked tirelessly throughout the week to have these events run smoothly and we must send a big thank you to all these people; if we have forgotten to include anyone, just know that we thank you for your participation and help!

Jody and Greg Waldock for numerous events throughout the week, The Nursery School and Early ON Centre for participating in Canada Day/ Kids Fest and Hosting a water Park Day, Johann Prager and Sheldon Newman for your help with the White Otter Days Hockey Tournament, Chelsea McNally and Derek Greene for your help with the White Otter Days Baseball Tournament, George Sakchekapo for organizing a White Otter Days Golf Tournament, Ignace Silver Tops, Hubert Beauclair and Donnie Ferrara/ Christy McIntomney/ Keith Tilley for Pontoon boat rides, Jackie Visseau for the baking, Daila Delescaille for face painting, Karen Greaves for Paddle Palooza, Heather Norhaugen/ Ignace Pets Search and Rescue for hosting a BBQ fundraiser at our Baseball Tournament, The Ignace Lions Club for their donation of water for Canada Day & Kids Fest as well as hosting a BBQ, Tim Barker and New Life Church for running the BBQ station on Canada Day, Riley Tucker for helping with tent set up, Kevin and Sandy for all your help in hosting the White Otter Days Street Party and The Ignace Fire Department for the excellent fireworks display and all your hard work setting it up!

Nuclear Waste Management Organization (NWMO) encourages residents to review new community studies

We have reached another important milestone in the site selection process to build Canada's deep geological repository to safely contain and isolate used nuclear fuel. Beginning this month and throughout the year, a variety of community studies related to the Wabigoon Lake Ojibway Nation-Ignace siting area are being released.

The studies work to address many of the fundamental questions community members have asked about the project and speak to several important environmental and socio-economic impacts. They provide an opportunity for the community to understand and help shape how the project could be implemented if it proceeds in this area.

Transparent community dialogue and collaboration has been at the heart of the NWMO's work within the Wabigoon Lake Ojibway Nation and the Township of Ignace. The feedback from both communities has been and will continue to be vital in advancing Canada's plan for the safe long-term management of used nuclear fuel. The release of these studies is the outcome of working together with Ignace and the region to identify and answer some of the fundamental and important questions related to the project.

Ultimately, these studies are a reminder that your voice matters.

It's an exciting time to start seeing tangible results about what it would mean to implement this national environmental infrastructure project in Ignace. Some of the possibilities include:

- hundreds of reliable long-term jobs created over several generations;
- opportunities for local businesses;
- a growing and stable population to support more community services;
- a Centre of Expertise that will be home to world-class research; and
- improved infrastructure

The project would also serve as a catalyst in the community, attracting other businesses and services to the Ignace area.

Canada's plan will only proceed in an area with hosts that are both informed and willing. We know the studies will provide a great deal of information to take in, and we encourage residents to take time to review them. This public information is an essential tool to help communities make an informed decision about the project.

Print versions will be available at the Ignace Learn More Centre and digital versions will also be made available on the NWMO's website. Please tune into Ignace Community Nuclear Liaison Committee (ICNLC) meetings to learn more and watch for opportunities for in person events this summer.

As always, please feel free to drop by our Ignace Learn More Centre office anytime during regular business hours or reach out via email at contactus@nwmo.ca We look forward to seeing you at the office or out and about in the area.

Lise Morton, Vice-President of Site Selection

Update on the Team at MBCHC

Your Centre for Health and Wellbeing

There has been a lot of news lately about Emergency Room and Primary Care closures because of the Physician and health human resource challenges we have been experiencing across our region and Ontario as a whole. The MBCHC is also starting to experience Physician shortages. It is with much sadness that we are saying good bye to another one of our long-time regular locum docs. Dr. Merali has made the decision to begin his retirement starting in August. He will be missed by the team here at the health centre and the many clients he sees regularly in the community.

People should be able to access care when they need it, in their communities – but this is sadly not always the case. Our situation across the region is dire and we are all working very hard to recruit Physicians to Northwestern Ontario. There are significant differences with funding and payment models across the various sectors, however this is not the only challenge. Funding always helps but it is not the only answer to this problem- there is a lack of Physicians and health human resources in general.

“You can have all the funding in the world, but without the people to hire – what do you do?” The physician and health human resources challenges throughout our region are proving detrimental to patients and the current staffing we do have. Patients are and will continue to experience longer wait times for even simple appointments. Physicians are not adequately able to treat patients due to patient overload. Ultimately, the continued shortages will negatively and dramatically impact overall quality of healthcare here in Ignace and across the region.

A Physician shortage not only affects hospital patients, but those who regularly visit their primary care provider. Patient satisfaction is dropping and there is an increased risk for negative health consequences.

The health human resource challenges have many effects, including:

- Greater pressures to meet client/patient needs
- Time constraints on doctor – patient interactions
- Increased workloads
- Over worked and stressed health teams
- Long wait times for appointments
- When ER's close, patients in need of urgent care will now have to travel up to three hours to access emergency care. “That is not fair to people in this community or any other for that matter. But what do you do- if the hospitals do not have the staffing to safely provide care. This is something beyond their control.”

What Can and Are We Doing?

- We are doing everything possible to recruit new Physicians
- We need to focus on preventative care to keep people from needing to go to Emergency and out of hospitals, but in order to do this we need more primary care Physicians available to see patients and increase access to care here in the community.
- We look at alternative ways to deliver care; through phone and virtual when a Physician cannot physically be on site
- Delivery of care cannot be provided exclusively through individual domains of practice, but through multidisciplinary teams. Providing care in this way can and does ease some of the Physician workload
- Many northern towns rely on nurses with expanded skill sets to provide care. When required, our nurses call doctors in larger communities for advice.

Berry Wetelainen, along with the members of the Ignace Lions Club would like to thank all the people that supported the 50/50 draw and the 20-200 draw. The money raised goes to funding wheel chair ramps, glasses for kids, wheelchairs, scooters, crutches and grab/assist bars in showers. All the money raised by the Ignace Lions Club stays local. There will be a new 50/50 draw starting on August 1st through to September 5th. If you want to support the Lions Club feel free to reach out to any of our members: Joanne Armstrong, Leonie Beuckx, Grace Bjorklund, Hugh Broughton, Frank Charry, Dot Cooney, Jim Coutts, Catherine DeKeyser, Pierre

DeKeyser, Bill Gascon, Lavinea Hancock, Kim Harrison, Nelda Harrison, Bill Laidlaw, Penny Lucas, Len Peters, Naomi Peters, Harold Singbeil, Dawn St. Amand, Berry Wetelainen, Lise Wetelainen and Fran Zawerucha.

2022 Municipal Elections Important Dates & Information for Candidates & Electors

The Nomination Period

- The 'Nomination Period' runs between Monday May 2nd, 2022 & Friday August 19th, 2022.
- Nomination Packages can be picked up at Municipal Office starting Monday May 2nd, 2022 between the hours of 9:00am CST & 4:30pm CST.
- Nomination Day is Friday August 19th, 2022 at which time Nominations will no longer be accepted after 2:00pm CST.

Election Day

- 'Election Day' is Monday October 24th, 2022.

The Voting Period

- The 'Voting Period' will begin on Friday October 15th, 2022 until Monday October 24th, 2022 at 8:00pm CST.

Ignace Public Library would like to thank everyone who came out to our Anniversary Celebration. A huge thank you to our Staff and Board Members for your assistance in making this event possible. We'd like to thank all past employees and board members who were able to attend. It was awesome to reminisce with you. Congratulations to all our Door Prize winners. And a very special thank you to all who gave so generously to our Anniversary Celebration.

Thank you *very much*
